

# GREASE HERO®

## Disposable Drain Guard – Prevents Pipe Clogs

### **Saves your plumbing, your money and the Earth**

Grease Hero® is designed to protect drains from unwanted fat, oil and grease. Simply put the Grease Hero trap into the kitchen sink drain and pour the oil directly from the pan into the center of the Grease Hero. Once cooled, Grease Hero is easily disposed of in the trash.

- Affordable, self-contained and user friendly
- Reduces risk of injury from handling hot cooking oil by using the kitchen sink
- Zero footprint once upcycled to energy

Safely disposes  
of fats, oils  
& grease

ABSORBS  
UP TO  
**4** OZ
